

Invitation to commercial coaching centers and other organizations

Commercial coaching center operators and NGO's are welcome to study and use our teaching methods. Instead of the traditional "chalk and talk" method of teaching, we use a "guide by the side" method of instruction. Our facilitators support and encourage active learning in an informal yet disciplined learning environment

Our style of facilitation and our unique curriculum has the potential to transform students' skills as English speakers, and to give them a greater sense of agency in their own lives and communities. Students are challenged to be active, critical and intrinsically motivated – character building aspects, which are fundamental to the FEA culture of self-development.

You may sit in our class rooms and observe. Also, free of cost we can train your staff at our staff training facility located at the Vasant Gaon, New Delhi address listed above.

You may also download our student workbooks from our website, remove the book cover with our name and logo and replace it with your own name, etc. All our facilitator handbooks, staff training modules, student evaluation and graduation criteria and classroom posters can be freely downloaded.

To observe our classes in progress, go to any of our centers and ask the facilitator to let you sit in. They will let you sit in on any session that has space available.

To have your staff trained by us, send an email to: DC@FEAIndia.org
